

The Magic Lamp Theater

Have you seen this key?
It's a very important key!
If you find it, please let me,
Assim, know.

Size: About 30 cm

Characteristics:
Elegant gold with
a gold tassel

What's this key for?
Well, it's a long story.
Please read on.

My name is Assim.
I travel with Shaban
the Magician as his
assistant. One day
I found a magic lamp.

But Master Shaban
took it away from me.
When he rubbed the
lamp, the Genie of the
lamp appeared and
granted his wish to
become the "world's
greatest magician."

His magic show was a
big success. But it
was all thanks to
Genie, his partner.

Now this is the important part.

Master Shaban was
jealous of Genie,
so he locked the
lamp in a chest while
Genie was sleeping!

I've gotta help Genie.
Please folks, if you find the key,
let me know right away. Thanks!

Today is
Master Shaban's
first solo show.
I wonder if it'll go ok.
Anyway,
I'll just have to
do my best
without Genie.

Please enjoy the show!
I'll tell you when to put on the
"Magic Glasses." So until then,
please don't wear them.
Thank you!
