

# POOH'S Hunny Hunt

Board a "hunny pot" and enter Pooh's storybook world. In the 100-Acre Wood, the hunny pots will turn and twirl, go fast - you never know which way they'll go next! Now it's time to join Pooh on a hunt for some hunny!

**O**ne day, Pooh told Christopher Robin he wanted a balloon.

**S**uddenly there was a strong gust of wind and Pooh got blown away.

This is just a mild spring zephyr compared to '67. Or was it '76?

Oh, bother! It all comes from liking hunny so much.

Look ma! It's Pooh!  
Roo, dear, do be careful!

I don't mean to c-o-complain, but I'm afraid I'm scared!

Thanks for noticing me.

Why do things like this always happen to me?

**P**ooh was blown deep into the forest. All of a sudden, Tigger appeared from out of the bushes!

**P**ooh went home, where he fell asleep thinking about hunny and started to dream...

Woozles and Heffalumps everywhere! Will Pooh be able to find some hunny?
